

Mercer County, PA Cemetery Index Page Key

This table can be used to determine in which cemetery a particular grave listing can be found. For example, if your page is Vol. 3, Page 79, it would most likely be in Pearson Cemetery, Jefferson Twp. because that cemetery starts on Vol. 3, Page 77 and the next cemetery (Gilliland) starts on Page 82.

There were sources other than cemetery listings used to build the index. These sources are in **red**, and are usually listed in the index with a ">" after the volume number (MC 3 >).

In some cases, listings are continued on non-sequential pages. For example, the "List of soldiers" that begins on page 90 in Volume 16 continues on page 104.

If you wish to verify the location of a grave listing, please contact me and I will look it up, as I now have a complete set of the books (all 16 volumes). lynne@nuibe.com

NOTE: Corrections made to listings for Volume 5 in November 2010.
